MAKERS OF THE
WALKER PEENIMPAC

Model S-17-40 T

The model S-17-40T has an increased cabinet depth to allow larger parts to be placed inside the machine for tumbling and cleaning. This machine can handle a fixture, basket or cylinder with a 36" diameter and has a cleaning span of 68" wide. Average cycle time for this machine is 10 minutes. This machine has two 10 horsepower motors to allow efficient cleaning while still maintaining a simple, durable, compact blasting machine. Typically coupled with our model CC dust collector and various door designs, this machine is our most popular seller.

- Blasting Wheels: 2
- Horsepower: 10 each
- Basket Size: 36in Dia. x 68in Wide
- Cycle Time: 10 min. average
- Footprint: 84in Wide x 50in Deep x 82in High
- Basket Speed: 2 RPM
- Dust Collector: Model CC
